Maintenance Free Fire Extinguisher P50P - ABC dry powder

ABC powder is a combination of Mono-ammonium phosphate and ammonium sulphate. The extinguishing powder interferes with the chemical reactions that take place in the combustion zone, thus the flame ceases to exist. The powder also has a low melting point and on application the particles fuse and swell to form a barrier which excludes oxygen and completes the extinguishing process and prevents re-ignition.

The powder is non conductive and may be used in the presence of an electric current.

ABC powder will extinguish class A (carbonaceous) fires, class B (flammable liquid) fires and class C (flammable gas) fires.

key points

- Approved and certified to EN3
- CE marked in accordance with the PED
- 10 year manufacturer's warranty
- 10 year service free life
- Manufactured in Great Britain
- Reliable super strength composite material
- Designed for long service in harsh conditions
- No risk of corrosion
- Fire rating 43A/183B
- 100% recyclable
- Carbon neutral benefits
- 100% UV protected

Technical Specification

Model	Capacity (kg)	Fire rating	Full Weight (Kgs)	Temp Range	Operating pressure (Bar) @ 20°C	Discharge Duration (Secs)	Discharge Range (M)	Diameter (mm)	Height (mm)
P50P	6	43A/183B	8.5	-20°C to +60°C	12	20	5	178	570
